## Ask Your Friend.

There is hardly a neighborhood in any city, town or hamlet in the United States where women cannot be found who have derived benefit from Lydia E. Pinkham's Vegetable Compound. For more than forty years this botanical remedy has been overcoming some of the worst cases of female ill. As one woman has found help, she has told another, who has used it with the same result; so the use of this great medicine has spread from shore to shore by the recommendation of those who have found it good. Therefore, ask your neighbor, let her tell you from experience the benefit which ailing women derive from the use of this famous medicine.—Adv.

## Are The Four Fruits Used In Making "Fruit-a-lives"

"FRUIT-A-LIVES" is the only medicine in the world that is made from the juices of fresh ripe fruits. Thus, it is manifestly unfair to say, "I won't take Fruit-a-lives because I have tried other remedies and they did me no good". On the other hand, the fact that "Fruit-a-lives" is entirely different from any other preparation in the world, is just why you should give it a fair trial, in any trouble of the Stomach, Liver, Bowels, Kidneys or Skin. "Fruit-a-lives", is composed of the active principle of fruit and the greatest nerve tonic ever discovered. 50c. a box, 6 for \$2.50, trial size, 25c. ## AMUSEMENT NOTES.

"Nothing But the Truth" Called a Hilarious Farce.

A hilarious farce that will be seen at the opera house next Tuesday, Sept. 18, had better been christened "Nothing But Laughter," but James Montgomery, having given his play a name that most fittingly covers the theme of it, he was possibly a better judge than the New York critics who sat in judgment upon it during its year of joyous success at the Longacre theatre. It was the consensus of critical opinion that it was the best farce seen in years. It is a play built upon a simple idea of its hero speaking nothing but the absolute truth for a stated period. He bets a friend ten thousand dollars he can do it, and boldly tackles truth to win the money. For a very short time the task is placidly easy, but truth routs out old man Trouble, and then things begin to happen. Trouble doesn't seem very large and aggressive, when he first pokes his

nose into the noble resolve of our hero, but he grows rapidly and soon we see, our dealer in truth, disrupting the domestic relations of his partner; in fact Trouble works overtime, and reputations that have been unblemished are smirched. Situations that are absurd and complicated pile up, all credited to truth and the result of the wager to foster and cherish that great virtue from the lips of the man who has espoused the cause of truth, to win a wager.—adv.

Juice of Lemons!

How to Make Skin

White and Beautiful

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as sallowness, freckles and tan and is the ideal skin softener, smoothener and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin. It is wonderful to smoothen rough, red hands.—Adv.
